# SPARKS CARMEN UNION REPUDIATES HENDERSON

## Campaign Expenses of Both Parties Published

(By Associated Press)  
NEW YORK, Oct. 28.—The total receipts of the Democratic national committee to October 26 for the conduct of the present campaign amount to \$378,331.24, Wilbur Marsh, national treasurer, announced today. Disbursements by the entire organization to the same date amount to \$223,345.09. The figures were submitted today, Marsh said, according to the requirements of the corrupt practices law.

Individual contributions, including that of President Wilson of \$500 and Mr. Wilson of \$100, ranged from \$25.00 by Thomas Chaddbourne, of New York, to 5 cents by John Duncan, of Woodville, New Hampshire. Thousands of contributors were listed in the Democratic statement and include persons from all stations of life. Governor Cox contributed \$5000 while his running mate, Franklin Roosevelt, gave \$3000.

(By Associated Press)  
CHICAGO, Oct. 28.—The Republican national committee campaign to elect Senator Harding president will cost \$3,442,892.32, Fred Upham, national treasurer, notified the senate committee investigating campaign expenses in a report filed here today. Of this sum \$3,042,892.32 cents had been spent up to the close of business October 24.

Since Upham presented the last report to the senate committee on August 30, in which he showed 16

## HARDING DENIES VANDERLIP CLAIM

(By Associated Press)  
CLEVELAND, Ohio, Oct. 28.—In another statement regarding the activities of Washington Vanderlip, reported to be negotiating with the Soviet government of Russia, Senator Harding asserted today he was very certain that he never gave to Vanderlip an introduction to any one and that Vanderlip was in no sense to be regarded as his agent.

If there is any truth in the published reports that Vanderlip has used such a letter in his negotiations, Harding said, the communication could be no more than "purely a formal note given at the request of some friend." The senator also publicly expressed disapproval of a cartoon recently published by Harveys Weekly picturing Cox in an allegorical character. The Republican nominee said that because he was sensitive about giving offense to religious reverence he had asked for the suppression of the picture.

THE WEATHER	
Local Observer, United States	
Weather Bureau:	
Temperatures 5 a. m. Noon	
Current	47 61
Wet bulb	36 43
Relative humidity	34 21
Temperatures Extreme.	
1920 1919	
Maximum yesterday	66 37
Minimum yesterday	46 19

contributions exceeding the \$1000 limit laid down by Chairman Will Hays, there have been 16 more such contributions from individuals and two from clubs. James B. Smith of San Francisco gave \$5000. In several instances members of the same family gave contributions of \$1000 each. Mr. and Mrs. Charles Crocker and four other members of the Crocker family of San Francisco, and four members of the Spreckels family are in this class.

### STRIKE SETTLED

(By Associated Press)  
LONDON, Oct. 28.—The strike of coal miners throughout England and Wales was settled today, but the settlement is contingent on the ballot of the miners.

## ODDIE STOOD BY BANK DEPOSITORS DEMOCRATS DO NOTHING WHY ODDIE ACTED AS HE DID

"The constitution of Nevada gives the district courts original jurisdiction in equity and the supreme court appellate jurisdiction. Receiverships are cases in equity."

"THE LEGISLATURE HAS NO CONTROL OF ANY CHARACTER OVER SUCH CASES AND CAN HAVE NONE WITHOUT A CONSTITUTIONAL AMENDMENT."

This is the main outspoken reply of Governor Tasker L. Oddie to the demand that he call an extra session to consider the impeachment of Frank P. Langham, judge of the district court, under whose direction Frank L. Wildes was appointed and remains today in office as receiver of the State Bank & Trust company.

There is no beating around the bush, but a straightforward, unqualified answer to the popular clamor that a special session be called to act upon the report of the investigators of the maladministration of the affairs of the State Bank & Trust company.

If there are any misgivings regarding the powers of the Nevada legislature, inquirers may satisfy themselves of the correctness of the position taken by Governor Oddie by referring to sections 4 and 6, article 6, of the constitution of Nevada.

Oddie was not carried away by the passionate demands of the defrauded depositors into passing the buck up to the legislature, which he knew could not act or secure any reparation for the series of outrages perpetrated upon a patient and long-suffering people during the reign of looting and grafting conducted under the nose of the court which had jurisdiction to check the plundering of assets representing the life savings of hundreds of southern Nevada depositors.

Governor Oddie did not wash his hands of the investigation. He acted promptly and on constitutional lines to bring about the punishment of the man or men responsible for abusing the confidence of the public in administering a trust whose administrators had openly and flagrantly defied every sense of equity and justice.

Through Governor Oddie's influence an appropriation of \$5000 for the purpose of prosecuting the case against the receiver and his confederates handling the funds of the State Bank & Trust company, passed the legislature and was approved by Governor Oddie on March 24, 1913.

It was Oddie whose urging rendered this appropriation possible, and it was his personal appeal to the members of the assembly and senate in the closing hours of the session that brought results that should have inured to the benefit of the depositors and the punishment of those who have been recreant to their trust.

Does this look as though Oddie was a party to the policy that made odious the management of the State Bank & Trust company funds?

Oddie was there with the legal remedy for the situation. He would not be a party to the masquerading of those who pressed for impeachment when he knew that impeachment was precluded by the constitution and that any effort to secure a hearing would have been a travesty of the law.

Remember, through the personal intercession of Governor Oddie, \$5000 was placed in the hands of the attorney general to secure redress for the outraged depositors. George B. Thatcher, who speaks here tonight, was attorney general. The money was disbursed through his office. Perhaps he will tell his audience this evening what he did with the money.

This is the burning question in southern Nevada. Let George tell you what he did with the money and why he did not bring about a change in the receivership.

## McGRAW INDICTED ON LIQUOR CHARGE

(By Associated Press)  
NEW YORK, Oct. 28.—John McGraw, manager of the New York Giants, today was indicted by the federal grand jury on a charge of violation of the Volstead act. The indictment was procured on evidence presented by Assistant District Attorney Edward Reynolds, who investigated a fracas at the Lambs club last August between McGraw and John Slavin, a musical comedy actor. The indictment charges that on that date McGraw had illegal possession of a bottle of whiskey.

## SYLVIA PANKHURST GETS BIG SENTENCE

(By Associated Press)  
LONDON, Oct. 28.—Sylvia Pankhurst, who was arrested October 19 charged with attempting to cause a riot in the navy by editing and publishing an issue of the newspaper, "The Workers' Dreadnought," on October 16, was sentenced today to six months' imprisonment.

## JAPS PUBLISH ADDRESSES ON ALIEN LAND LAW

Discussion With State Department Was Understood to Be Held Secret

(By Associated Press)  
TOKIO, Oct. 28.—Some embarrassment has been caused the foreign office by the publication of addresses by Masano Hanihara, vice-foreign minister, before various political groups, on the developments in the negotiations with the United States relative to the California land question.

There has been a tacit agreement between Washington and Tokio that the two governments should not make public any statements regarding the negotiations which are continuing systematically.

## HIGH SCHOOL GYM FLOOR IS FINISHED

The contractors have completed the work of laying the hardwood floor in the gymnasium of the high school, and they are now busy sanding it to make a perfect surface in time for the high school party Saturday evening in honor of their visitors from Bishop—the Bishop high school football team, which plays the Tonopah team here on that day.

It is understood the talks given by Hanihara to political leaders have been a sort of concession to the politicians who had been demanding less secrecy in diplomatic matters. They had been of a confidential nature, but nevertheless the full reports have been published by the newspapers. Hanihara has claimed that some of the published reports were distorted versions of his remarks.

## Senator is Charged With Failure to Do Anything for Labor

The following action was taken by the local Brotherhood of Railway Carmen of America of Sparks at their meeting on the night of October 26, which is self-explanatory:

### TO ALL UNION LABOR IN THE STATE OF NEVADA.

We refuse to consider the solicitations of any candidates for election to office, who, after two years or more, make no effort to advance the cause of labor or who, on the contrary, by inadvertence and indifference, let labor's economic interest go by default, and back it with our protest to the whole electorate of Nevada against the record of the Junior Senator from Nevada or any other representative who has proven recreant, deceptive and treacherous to the common cause of labor in congress. LOCAL BROTHERHOOD RAILWAY CARMEN OF AMERICA.

Sparks, Nevada, Lodge.

This practically completes the repudiation of Senator Henderson by every railroad brotherhood in the state of Nevada, as the other brotherhoods passed similar resolutions in meeting assembled in Sparks last week.

The insistence with which the Henderson campaign managers have been endeavoring to misrepresent the railroad men in this state as being favorable to the election of Henderson to the United States senate has aroused the ire of the various organizations and they have decided to place themselves on record before the voters of this state, setting forth the exact facts as they actually exist by passing resolutions and giving them to the press of the state to publish in order that the truth may be known.

Mr. Workingman, do you think a man who has neglected you during the past two years in congress and who has been affiliated as attorney for the Southern and Western Pacific railroads for a great number of years ever had any intention of passing any legislation favorable to the great cause of labor when sent to the United States senate?

## STOCK MARKET SHOWS DECLINE

There was a marked decline in the leading Divides in today's market. Tonopah Divide opened with sales at 17 1/2, and under heavy selling the price declined steadily to low sales at 15, closing at 15 1/2 bid and sales, a total of 15,300 shares changing hands. Other Divides felt the pressure also, Gold Zone reacting to 32 and 33, with 33,500 shares coming out. Broucher sold low at 17, Dividend at 5 and 6, and Divide Extension, after opening at 31 sales, sold off to 27, but closed stronger at 30 bid.

Victory sold a point lower at 7, and Belcher Extension sold at 6. West was weaker on sales at 17. Goldfields received some attention, with Silver Pick at 5, Goldfield that both the laboring and business elements throughout Nye county will give him their support and that he will be elected sheriff and assessor by a good majority.

Consolidated at 9 and Fraction at 5. In the Tonopah Jim Butler sold at 17, Midway at 16, while West End was stronger in closing bids at 11 1/2. Holly at 36 and Bullwhacker at 60 were steady, while Croesus weakened off to 40. Broken Hills sold at 12. Grass continued to decline from the recent advance of a few days ago, sales being recorded low at 8 1/2. Comstock were weaker, Ophir sold at 73, Union at 42, and Consolidated Virginia was unsold on bids at 5 1/2.

Reports from the Tonopah Divide this morning were encouraging, and local brokers were at a loss to understand the cause of the violent break in prices. The industrial market was erratic and several issues broke 4 and 5 points, which has undoubtedly been reflected in mine shares.

### TWO FUNERALS TODAY

The funerals of Henry Hansen and John Dacherl, who were killed in the Desert Queen and Belmont mines several days ago, were held this afternoon. Rev. Father Noonan conducted the services. Interment was in the local cemetery.

## JOHN BARRIER FOR SHERIFF AND ASSESSOR

John Barrier, who is seeking reelection to the office of sheriff and assessor of Nye county as the regular Democratic nominee, has been one of the most popular sheriffs and assessors who has ever been elected in this county. His accommodating attitude toward everyone with whom he has had business and his alertness always to run down criminals and to protect the property of the citizens of this county have won him many friends who are supporting him in his fight for reelection.

Prior to being elected to office Mr. Barrier followed mining and prospecting and his discoveries have done much toward the development of the mineral resources of southern Nevada. He is known to every man, woman and child of the county as "Happy Jack" because of the ever pleasant smile with which he greets everyone. It goes without saying

### THIS SPACE HAS BEEN PURCHASED BY THE FRIENDS OF TASKER L. ODDIE

During the four years TASKER L. ODDIE was governor, the following progressive legislation was enacted:

THE PUBLIC SERVICE COMMISSION was created, putting all public utilities such as Water Companies, Sewer Companies, Light and Telephone Companies and the like under the control of the State with power to regulate rates and enforce proper service. We have seen its good results.

THE TAX COMMISSION was created. By it all property was raised to a valuation of 100 per cent. Every class of property and especially the large interests were compelled to pay a just tax.

THE NEVADA INDUSTRIAL COMMISSION was organized. The working man now receives compensation for an injury no matter how it occurred, without law-

suit, without delay and without expense. He and his family have received untold benefits.

These are the acts of TASKER L. ODDIE a farseeing Governor. He will carry out the same policy as a United States Senator.

Did TASKER L. ODDIE ever cut wages? NEVER.

Did he not make Tonopah a \$4.00 a day camp when the balance of the camps in the state were paying \$2.50, \$3.00 and \$3.50? HE DID.

Don't you think that is the kind of a man Nevada needs in the United States Senate instead of a corporation lawyer? YOU DO.

THEN VOTE FOR HIM NOVEMBER 2.
